AUTOMATION & ROBOTICS EXPO

PL EVENTS, a Pioneer in the Industry, Brings the New Era to Exhibitions with the Highly Successful 1st Automation & Robotics Exhibition - A+R Expo '24

The Automation & Robotics Exhibition - A+R Expo '24 was successfully concluded, attracting remarkable participation and interest from the industrial, technological, and academic sectors. Held from April 12 to April 14, 2024, at Athens Metropolitan Expo, the event was organized by PL EVENTS and became the most significant exhibition for automation and robotics in Greece.

With the participation of over 120 exhibitors from Greece and abroad, the event showcased the most advanced technological solutions in automation and robotics while also highlighting emerging technologies such as Artificial Intelligence (AI) and Drones. Exhibitors effectively addressed the needs and demands of the industrial and professional audience, offering a wide range of high-tech products and services.

INDUSTRIES / COMPANIES

FOOD & BEVERAGES
PHARMACEUTICALS & COSMETICS
PACKAGING & PRINTING
CHEMICALS & PLASTICS

PROJECTION SCHEDULE

Dynamic Exposure in Greece & Abroad with TV, Radio, Visitor Invitations and Digital & Print Advertising

EXHIBITORS

150+ leading companies and industry leaders from the fields of automation, robotics, technology, drones, electronics, and more.

TARGETED AUDIENCE

Over 10,000 professionals from across the entire industrial spectrum.

B2B MEETINGS

A unique opportunity for business meetings between exhibitors and top executives.

A+R HUB

Speeches and presentations by companies and

EXTENSIVE EXPOSURE

Showcase your company to industry professionals in Greece and abroad.

STARTUPS CORNER

New companies showcase innovative ideas and technologies.

ROBOTICS PRESENTATION

Presentations of new robotic technologies.
